**Only Touch****OT-CLIMAA\_**

Keypad with OLED display for programmable thermostat Climatization and automation control).

**Technical data**

Power supply:

From wall command C-CLIMA\_/C-CLIMA4\_ (+24 V)

Ingress protection IP

IP20

**Description**

The OT-CLIMAA\_ is a keypad with OLED display for programmable thermostats like C-CLIMA\_ or C-CLIMA4\_ with or without RF to climatization control as well as lights, shutters, etc.

The buttons light-up when touched. The pressed key lights-up brighter than the others. After 10 seconds the buttons lighting switch-off and the contents on the display will decrease in size and brightness.

The OT-CLIMAA\_ has the PROG key on the bottom of the panel, that can be actuated with a narrow pin.

The OT-CLIMAA\_ is capable of generating its own time-and-date, allowing stand-alone function.

When installed in an ONLY system it receives the clock time from the BUS, normally generated by CENTRALSEC or D-WEBSEVER modules. In case of power failure, the clock time will be lost. When integrated in an ONLY installation, the clock will be automatically updated within 2 minutes after the power restoral.

**Applications**

Climatization commands: C-CLIMA\_/C-CLIMA4\_  
Climatization, lights and shutters control.

**Installation**

The OT-CLIMA\_ is mounted on C-CLIMA\_/C-CLIMA4\_ commands.

**Units available**

Name	Color			Finish Coat	
	White	Silver	Black	Matte	Glossy
