

Technical Details

DIN Rail

D-3DIMLS

DIN Rail 3-channel single-colour LED strip light dimming actuator

Technical data

Power supply 110/230 V ~ 50/60 Hz Consumption < 0.5 W Maximum current of the load 3 x 6.5 A IP20 Ingress protection IP

Description

The D-3DIMLS is an actuator in DIN Rail, implementing the control of 3 independent LED strip lights. It requires an external 12/24 VDC power supply (not included) for the LED strips.

Applications

Intensity control of monochrome LED strips in homes, shops, hospitals, clinics and hotels.

Installation

The D-3DIMLS is mounted on DIN Rail, occupying 3 modules of 17.5 mm.

Features

Dimming 0-100%

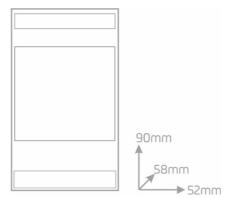

Local control

Output state indicated by LED

Automatic memory of last selected light level

Up to 20 buttons can be stored in the internal non-volatile memory.

Operation modes: Toggle, ON, OFF, Timer, Delay and Scenario, depending on the received command

Danger - Electric Shock Risk! Switch off the power before any intervention.

Handling by qualified and authorized persons only.

Subject to change without notice
