

### DIN Rail D-3DIMLS

Actuator for monochromatic LED strips

#### Technical data

Power supply	110/230V~ 50/60Hz
Consumption	< 0.5W
Maximum current of the load	3 x 6.5A
Ingress protection IP	IP20

#### Description

The D-3DIMLS is an actuator that allows the control of three monochromatic LED strips (12/24VDC) independently or simultaneously in synchronization. Does not include the power supply for the LED strips.

#### Applications

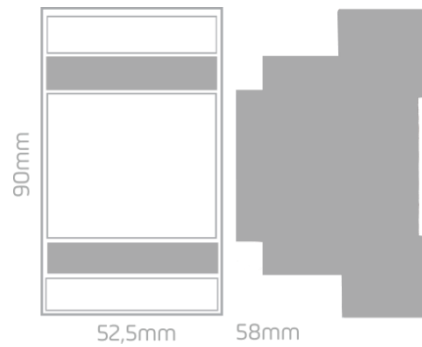

Control of monochromatic LED strips in homes, shops, hospitals, clinics and hotels.

#### Installation

The D-3DIMLS is mounted on DIN Rail, occupying 3 modules of 17.5 mm.

#### Features

- Brightness adjustment, 0-100%
- Possibility to synchronize the 3 outputs
- Control via local buttons
- Output state indicated by LED
- Automatic memory of last selected light level

**Danger - Electric Shock Risk!**  
Switch off the power before any intervention.

Handling by qualified and authorized persons only.

Subject to change without notice
